

# Leaf Lamp Series Pendant

The Leaf Lamp pendant brings spaces to life with its colorful shade and eye-catching profile. The lamp is crafted from clusters of individual wool felt pieces that conceal discreet LED-lighting units. As the lamp radiates pure, white light, the felt components absorb background noise to balance the acoustics. The lamp creates a focal point that changes the perspective of time spent in waiting areas, terminals, and corporate environments.

## Sustainability Information

- Certified Oeko-tex standard 100 wool felt
- 100% certified sourced, untreated birch wood from responsible forestry
- Metal parts: powder coating with zero chemicals on the SIN-list
- The branchwork is clicked together without the use of any adhesive
- PVC- and Halogen-free cables
- Each part can be replaced individually for easy maintenance during the product's life cycle

## Materials & Finishes

All leaves are made of 3mm thick wool felt. The felt is available in 80 different colours and can be combined into unique mixes.

The wooden dowels are made from untreated birch wood.
